

## Notice

# Application for new 9.9 megawatt solar power plant located near the town of Oyen has been received

### **Proceeding 21886 Application 21886-A001**

The Alberta Utilities Commission, the independent utilities regulator, will be considering the power plant application in Proceeding 21886. If you feel you may be affected by this application you can provide input to the AUC to review before it makes its decision.

KS Canada 1 Ltd. has applied to construct and operate a new solar power plant under Section 11 of the *Hydro and Electric Energy Act*. The Oyen Solar Park will have a generation capacity of 9.9 megawatts (MW) and is proposed to be located near the town of Oyen. The Oyen Solar Park will consist of approximately 41,360 photovoltaic solar panels mounted on fixed-angle steel supports as well as associated inverters and transformers. The project is situated on 21 hectares in the southwest quarter of Section 2, Township 28, Range 4, west of the Fourth Meridian.
