

Invenergy

April 13, 2016

Honorable Kathleen H. Burgess
Secretary of the Commission
New York State Public Service Commission
Empire State Plaza
Agency Building 3

Subject: Canisteo Wind Energy Center
Public Involvement Program Plan

Dear Ms. Burgess:

The Canisteo Wind Energy Center (the Project) is a proposed 290.7 MW wind energy project, located in Steuben County, New York in the towns of Cameron, Canisteo, Greenwood, Jasper, Troupsburg, and West Union, owned and developed by Canisteo Wind Energy LLC (CWE), an affiliate of Invenergy LLC. CWE has submitted an interconnection request, and NYISO is performing an interconnection feasibility study for the Project.

Under Article 10 of the Public Service Law, the New York State Board on Electric Generation Siting and the Environment (the Siting Board) requires an applicant proposing to construct a major electric generating facility to submit a Public Involvement Program (PIP) plan for review by the Department of Public Service (DPS) at least 150 days prior to filing a Preliminary Scoping Statement. Accordingly, with this letter please find the Project's preliminary PIP plan for review by the DPS.

We look forward to working with the Siting Board in its review of the Project. If you have any questions, please call me at (301) 610-6413.

Sincerely,

Eric Miller
Director, Business Development
Invenergy LLC
