## **II. BACKGROUND AND REASON FOR CANCELLATION**

On October 4, 2013, CMP submitted the E&P Agreement under Docket No. ER14-35-000. The E&P Agreement was accepted by the Commission with an effective date of May 21, 2013.<sup>4</sup> The E&P Agreement enabled CMP to perform certain engineering and procurement activities for a project by Western Maine to construct a 100 MW wind farm in Moscow, Maine.

All services to be performed under the E&P Agreement have been completed at this time. The project is still in the study phase with ISO New England, Inc., but all of the engineering and procurement work contemplated under the E&P Agreement has been completed. Therefore, the E&P Agreement will be terminated subject to the Commission's approval effective after 60 days of the date of this filing.

## **III. REQUESTED EFFECTIVE DATE**

In accord with the Commission's prior notice requirements,<sup>5</sup> CMP respectfully requests that the Commission accept the Notice of Termination effective 60 days after the date of this filing (*i.e.*, March 28, 2015).

To the extent necessary, CMP requests waiver of any requirements in the Commission's rules and regulations not otherwise satisfied by this filing.

## **IV. SERVICE**

Copies of this filing have been served upon Western Maine.
