Reference: Large Generator Interconnection Agreement

Dear Ms. Keegan and Mr. Neuman:

On July 12, 2016, the New York Independent System Operator, Inc. (NYISO) filed, on behalf of NYISO and the New York Power Authority (NYPA), an executed nonconforming Large Generator Interconnection Agreement among NYISO, NYPA, and Jericho Rise Wind Farm LLC (Jericho Rise) (Jericho Rise Agreement) under the NYISO Open Access Transmission Tariff (OATT).¹ You state that Jericho Rise is constructing a 77.7 MW wind farm located in Franklin County, New York, that will interconnect to certain transmission facilities of NYPA that are part of the New York State Transmission System. You also state that the Jericho Rise Agreement closely conforms to the *pro forma* large generator interconnection agreement in Attachment X of NYISO's OATT,

but contains limited variations to accommodate NYPA's unique legal status as a public authority governed under the New York Public Authorities Law, and the unique circumstances of the Jericho Rise project.
