Attention: John C. Anders

Reference: Large Generator Interconnection Agreement

Dear Mr. Anders:

On September 30, 2013, California Independent System Operator Corporation (CAISO) submitted for filing a non-conforming Large Generator Interconnection Agreement (LGIA) among CAISO, Mesquite Solar 1, LLC (Mesquite Solar), and San Diego Gas & Electric Company (SDG&E). The Mesquite Solar LGIA provides for the interconnection of a 165 MW solar photovoltaic generating facility located near Arlington, Arizona. CAISO also notices termination of the pilot Pseudo-Tie Participating Generator Agreement between Mesquite Solar and CAISO, effective February 14, 2012. The notice of termination is accepted, effective February 14, 2012, as requested. CAISO states the pilot agreement was replaced by a *pro forma* Pseudo-Tie Participating Generator Agreement, ISO Service Agreement No. 2905, on that date. Additionally, the LGIA is accepted for filing, effective January 1, 2014, as requested.

The filing was noticed on October 1, 2013, with comments, protests, or interventions due on or before October 21, 2013. No protests or adverse comments were filed. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214). Any opposed or untimely filed motion to intervene is governed by the provisions of Rule 214.

This acceptance for filing shall not be construed as constituting approval of the referenced filing or of any rate, charge, classification or any rule, regulation or practice affecting such rate or service contained in your tariff; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated therewith; and such acceptance is without prejudice to any findings or orders which have been or any which may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against California Independent System Operator Corporation.

This action is taken pursuant to the authority delegated to the Director, Division of Electric Power Regulation - West under 18 C.F.R. § 375.307. This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713.

Sincerely,

Steve P. Rodgers, Director
Division of Electric Power
Regulation – West
