Re: Case No. 15-1737-EL-BTX
Pre-Application Notification Letter

Dear Ms. McNeal:

Pursuant to Rule 4906-5-08(A) of the Ohio Administrative Code, Paulding Wind Farm III LLC, a wholly owned subsidiary of EDP Renewables North America LLC, files this Pre-Application Notification Letter regarding its intention to file an application for a certificate to construct a 138 kV transmission line and an associated point of interconnect switchyard in Benton and Harrison Townships, Paulding County, Ohio.

The purpose of the transmission line and associated point of interconnect switchyard will be to support amendments to the collection line systems of Paulding Wind Farm I and III and to connect the collection line systems to the American Electric Power (AEP) 138kV Lincoln-Sterling transmission circuit to supply electric energy to the PJM interstate grid. The transmission line will be a 138 kV overhead line, approximately 8 miles long.

The public information meeting will be held on Monday, October 26, 2015 from 6 p.m. to 8 p.m. at the Paulding County AG extension office, Paulding Co Fairgrounds located at 503 Fairground Drive, Paulding, OH 45879.

The following is a list of the currently anticipated waivers from the Board's rules that Paulding Wind Farm III LLC will be seeking for the transmission line:

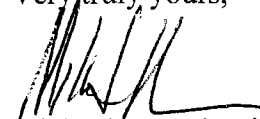

1. Rule 4906-5-04(A) as to information on an alternate route. This waiver request will include any other rule requirements related to an alternate route such as Rules 4906-15-01(A)(3)-(4), 4906-15-03(A)(1)(d)-(e), and 4906-15-06.

Ms. Barcy F. McNeal, Secretary

2. Rule 4906-15-04(B)(2)(a)(i), submission of maps of final grades after construction.

Thank you for your cooperation in this matter.

Very truly yours,

Michael J. Settineri
