VIA E-FILING

The Honorable Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

Re: *Quantum Lake Power, LP*, Docket No. EG13-46
Notice of Relinquishment of EWG Status

Dear Secretary Bose:

Pursuant to section 366.7(c)(3) of the regulations of the Federal Energy Regulatory Commission (“Commission”),¹ Quantum Lake Power, LP (“Lake”) hereby notifies the Commission that Lake no longer seeks to maintain its exempt wholesale generator (“EWG”) status.

Lake, a Florida limited partnership, owns and has operated an approximately 121 MW dual-fueled (oil and natural gas) combined-cycle facility (the “Facility”) located in the Florida Power Corporation balancing authority area. On July 1, 2013, Lake filed a Notice of Self-Certification of Exempt Wholesale Generator Status in the above-captioned docket.² Lake was also authorized to make wholesale sales of electric energy, capacity, and certain ancillary services at market-based rates.³ In February 2015, Lake suspended operations of the Facility and subsequently began decommissioning the Facility. On February 16, 2016, Lake filed a Notice of

¹ 18 C.F.R. § 366.7(c)(3) (2015).

² *Quantum Lake Power, LP*, Notice of Self-Certification of Exempt Wholesale Generator Status, Docket No. EG13-46 (filed July 1, 2013); *Chestnut Flats Lessee, LLC*, Notice of Effectiveness of Exempt Wholesale Generator Status, Docket Nos. EG13-38, *et al.* (issued Sept. 23, 2013).

³ *Lake Cogen, Ltd.*, Letter Order, Docket No. ER09-993 (issued July 23, 2009) (granting market-based rate authority); *Quantum Auburndale Power, LP*, Letter Order, Docket Nos. ER10-1414, *et al.* (issued Sept. 18, 2013) (accepting notice of non-material change in status and revised market-based rate tariffs regarding change in ownership and name changes of the relevant entities).

The Honorable Kimberly D. Bose
April 19, 2016

Cancellation of Market-Based Rate Tariff through which Lake sought the termination of its market-based rate authority and the cancellation of its market-based rate tariff.⁴ On April 4, 2016, the Commission issued a letter order accepting Lake's Notice of Cancellation of Market-Based Rate Tariff, effective April 18, 2016.⁵

Because the Facility is no longer operational, Lake has no need to maintain its EWG status. Accordingly, Lake submits this notice relinquishing EWG status effective as of the date of this filing.

If you have any questions concerning this filing, please feel free to contact the undersigned per the contact information listed above.

Respectfully submitted,

/s/ Kenneth L. Wiseman
