VIA E-FILING

The Honorable Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

Re: *Quantum Lake Power, LP*, Docket No. ER16-____
Notice of Cancellation of Market-Based Rate Tariff

Dear Secretary Bose:

Pursuant to Section 35.15(a) of the regulations of the Federal Energy Regulatory Commission (“Commission”),¹ Quantum Lake Power, LP (“Lake”) hereby submits this Notice of Cancellation of Market-Based Rate Tariff (“Notice”). Through this filing, Lake is seeking the termination of its market-based rate authority and the cancellation of its market-based rate tariff. Lake respectfully requests that the Notice be accepted and made effective as of April 18, 2016.

I. Communications

The following persons are authorized to receive service and communications regarding this Notice:²

¹ 18 C.F.R. § 35.15(a) (2015).

² Lake respectfully requests waiver of Rule 203(b)(3) of the Commission’s Rules of Practice and Procedure, 18 C.F.R. § 385.203(b)(3), to the extent necessary to permit the designation of more than two persons for service in this proceeding.

The Honorable Kimberly D. Bose

II. Reason for Cancellation

Lake, a Florida limited partnership, owns and has operated an approximately 121 MW dual-fueled (oil and natural gas) combined-cycle facility (the “Facility”) located in the Florida Power Corporation balancing authority area. Lake is authorized to make wholesale sales of electric energy, capacity, and certain ancillary services at market-based rates.³ On June 23, 2015, the Commission accepted Lake’s current FERC Electric Tariff, effective May 7, 2015.⁴

In February 2015, Lake suspended operations of the Facility and the Facility is not currently producing energy. Lake previously sold the power from the Facility to Seminole Electric Cooperative, Inc. under a short-term tolling contract which expired on December 31, 2013.⁵ The Facility’s energy after that date, including any energy produced in 2015 prior to the suspension of operations, was sold into the wholesale market based upon Lake’s authority to make sales at market-based rates. Lake has decided to decommission the Facility. The decommissioning process has begun and, thus, Lake will no longer be making any sales of generated energy, capacity, or ancillary services pursuant to its market-based rate authority and related market-based rate tariff.

III. Notice to Affected Parties

Because Lake does not currently have any agreement under which it is obligated to sell energy, capacity, or ancillary services, no purchasers will be affected by the cancellation of Lake’s market-based rate tariff. Therefore, this Notice has not been provided to any party.

³ *Lake Cogen, Ltd.*, Letter Order, Docket No. ER09-993 (issued July 23, 2009) (granting market-based rate authority); *Quantum Auburndale Power, LP*, Letter Order, Docket Nos. ER10-1414, *et al.* (issued Sept. 18, 2013) (accepting notice of non-material change in status and revised market-based rate tariffs regarding change in ownership and name changes of the relevant entities).

⁴ *Quantum Lake Power, LP*, Letter Order, Docket No. ER13-1489 (issued June 23, 2015).

⁵ *Quantum Lake Power, LP*, Letter Order, Docket No. ER13-1489 (issued Sept. 11, 2014) (accepting notice of change in status and amendment containing market power analysis regarding expiration of power purchase agreement).

The Honorable Kimberly D. Bose

IV. Requested Effective Date

Lake respectfully requests that the Commission accept this Notice effective as of April 18, 2016, which is more than sixty days after the filing date as set forth in Section 35.15(a) of the Commission's regulations.⁶

V. Contents of Filing

Submitted herewith are the following:

1. This transmittal letter; and
2. The Notice of Cancellation of Market-Based Rate Tariff.

VI. CONCLUSION

For the reasons set forth above, Lake respectfully requests that the Commission accept this Notice effective April 18, 2016.

Respectfully submitted,

/s/ Kenneth L. Wiseman
