The draft/proposed permit has not yet been approved and is open to comment from the public, affected states, and the United States Environmental Protection Agency (EPA). If approved, this draft/proposed permit will supersede the existing Title V Operating Permit issued to this facility on November 28, 2006.

All comments received by 5:00 p.m., on August 28, 2014, will be considered when making a decision to approve, disapprove, or modify the draft permit.
