Re: P-13876 – South Run Pumped Storage Project Fourth Six-Month Progress Report

Dear Secretary Bose:

On April 14, 2011, the Federal Energy Regulatory Commission (FERC) issued a preliminary permit to South Run Pumped Storage, LLC for the South Run Pump Storage Project (P-13876).

Young Energy Services (YES); on behalf of South Run Pumped Storage, LLC is submitting this fourth six-month progress report in connection with this Project.

Project Activities

Updated Cost Analysis:

To assist in assessing the viability of this pumped storage project, we have prepared an internal updated cost estimate. YES continues to perform evaluations of this Project in order to determine its economic feasibility.

Potential Partners, Off Takers or Investors:

YES has been in contact with four potential off takers and potential investors in this Project as an effort to move the project forward to the licensing and development phases.

Consultation:

YES has initiated the consultation process and has proceeded in development of a draft pre-application document (PAD). An initial PAD has been drafted, but not yet finalized. This draft PAD is aiding YES in our evaluation of this Project and in our discussions with interested parties. Please do not hesitate to contact me at 617-645-3658 if you require any additional information about this proposed Project.

Sincerely,

Kevin Young, President
Young Energy Services, LLC

CERTIFICATE OF SERVICE

I hereby certify that I have this day served the foregoing document upon each person designated on the official service list in the captioned proceedings in accordance with the requirements of Rule 2010 of the Commission's Rules of Practice and Procedure, 18 CFR § 385.2010 (2010).
