Data Request No. IDR-12:

Please provide a list of your coal and rail contracts which were in effect in 2011. Please provide the date the contract was signed, the term of the contract, and the tons covered in the contract by year.

Response:

Copies of all coal and rail contracts, along with all transload and barge contracts, in effect during 2011 were provided to the PSCW auditors when they were on-site during the audit in Docket No. 6680-FR-104. Please refer to PSC Ref #s, 153668 and 153669. A list of such contracts containing the requested information appears as **Confidential - IDR-12 ATT A Coal and Transp Contracts.pdf**. For the coal contracts, only the applicable tonnages (i.e., those tons allocated to WPL coal-fired units) are included.

These contracts will be made available to the PSCW auditors again, if desired. There were no contracts covering 2011 executed since the referenced on-site audit review.
