Hearings scheduled for Baltimore City, Anne Arundel and Baltimore Counties

(BALTIMORE, MD-August 27, 2019) – The Maryland Public Service Commission will hold three public comment hearings on a request by Baltimore Gas and Electric Company to modify an existing 230 kV electric transmission line. BGE proposes to replace approximately 2.25 miles of cable beneath the Patapsco River (between Hawkins Point and Sollers Point, parallel to the Francis Scott Key Bridge) with overhead wire and eight support structures. The 'Key Crossing Reliability Initiative Transmission Line Project' would modify the existing transmission line that runs between the Riverside Substation in Baltimore County and the Brandon Shores Substation in Anne Arundel County.

Members of the public who wish to comment on the proposal are welcome to attend one or all of the hearings before Public Utility Law Judge Kristin Case Lawrence. The hearings are scheduled as follows:

Brooklyn Branch of the Enoch Pratt Public Library, 300 E. Patapsco Avenue
