Notice is hereby given that, on June 26, 2019, NSTAR Electric Company d/b/a Eversource Energy (“Eversource” or the “Company”) filed with the Department of Public Utilities (the “Department”) a Petition, pursuant to the provisions of G.L. c. 164, § 72, for approval to construct and operate a new, approximately 3.3 mile 115 kilovolt (“kV”) overhead transmission line on an existing right-of-way (“ROW”) between Shootflying Hill Road and the Barnstable Switching Station, both in the Town of Barnstable, Massachusetts (the “Project”). The Petition has been docketed as D.P.U. 19-80. At the public comment hearing, the Company will present an overview of the proposed Project. Public officials and members of the public will then have an opportunity to ask questions and provide comments about the proposed Project. The public comment hearing will be recorded by a court reporter. The public may also file written comments with the Hearing Officer through November 18, 2019 at the physical or email addresses listed below.
