Re: Preapplication Notification Letter

Case No. 19-1881-EL-BGN

In the Matter of the Application of Madison Fields Solar Project, LLC for a Certificate of Environmental Compatibility and Public Need to Construct a Solar-Powered Electric Generation Facility in Madison County, Ohio.

Dear Ms. Troupe:

Pursuant to Rule 4906-3-03(A) of the Ohio Administrative Code, Madison Fields Solar Project, LLC (“Applicant”) files this Preapplication Notification Letter with the Ohio Power Siting Board (“Board”) regarding its proposed solar-powered electric generation facility.

The proposed facility, the Madison Fields Solar Project, is a solar-powered electric generation facility located in Madison County, Ohio. The solar facility is expected to have a maximum total generating capacity of 180 megawatts. The Applicant will provide clean renewable energy to electricity consumers.

The Applicant anticipates filing its application with the Board in December 2019. Construction is estimated to begin as early as third quarter 2021, resulting in commercial operations in 2022.

The Applicant has scheduled a public informational meeting on Tuesday, November 5, 2019, to outline plans to build the Madison Fields Solar Project. In addition, due to November 5th being Election Day and in order to provide an opportunity for public input, Madison Fields will also hold a second public information meeting on Wednesday, November 6, 2019. Both public information meetings will be held from 6:30 p.m. to 8:30 p.m., at Rosedale Bible College, 2270 Rosedale Road, Irwin, Ohio 43029.

At this time, the Applicant does not anticipate that it will be filing any requests for waiver from the Board’s rules regarding the electric generation facility.
