**RE: Case 20-T-0430 (Case 01-T-1679)  
Application of Long Island Power Authority for a Certificate of Environmental Compatibility  
and Public Need Regarding Replacement of the 138 kV Submarine Electric Transmission  
Line between Northport, New York and Norwalk, Connecticut  
Notification of the Initiation of Project Construction**

Dear Secretary Phillips,

ESS, on behalf of PSEG Long Island, is providing notification to the State of New York Public Service Commission that construction of the referenced project is scheduled to begin on or about December 1, 2020 and continue until completion. Project construction will consist of the installation of ECO Mat articulated concrete mattresses to secure and protect exposed sections of three 138-kv submarine electric transmission cables on the seafloor of the Nearshore Cable Installation Work Area. Work will be conducted in accordance with the Order Approving Amendment to the Certificate of Environmental Compatibility and Public Need Subject to Conditions, effective October 15, 2020.

Please feel free to contact me if you have any questions.

Sincerely,

**ESS GROUP, INC.**
